Guy A. Clarke, Jr.

Principal-Information Risk Management Services

Guy is a Principal with Sensiba San Filippo LLP's Information Risk Management Services practice which focuses on services related to SAS 70, Sarbanes-Oxley, internal audit, enterprise risk management and technology risk management. He brings over thirteen years of public accounting experience serving both private and public clients primarily in technology, software, manufacturing, distribution and healthcare industries. Prior to joining Sensiba San Filippo, he was a Senior Manager with Grant Thornton, LLP in their Business Advisory Services practice in Northern California leading the IT group. He also has over ten years of industry experience in internal audit and operations at the management level with both public and privately-held companies.

Guy is a member of our Technology Assurance and Advisory Group, providing professional services to companies in the software, semiconductor and hardware industries. His experience in the Information Technology arena has included providing internal and external IT audit services, focusing on issues related to internal controls and corporate governance to manufacturing, healthcare and technology industries. He has assisted companies with a full range of issues from risk assessment to deficiency evaluation, and continues to assist companies with the improvement of their Corporate Governance/ Sarbanes-Oxley compliance efficiency and reduction of compliance costs.

Guy is a member of the Information Systems Audit and Control Association and the Institute of Internal Auditors, and is a Certified Information Systems Auditor (CISA).
