Fredrick (Rick) D. Revetria

Managing Director - Business Consulting

Rick is Managing Director of Sensiba San Filippo LLP's Business Consulting Practice. He brings over twenty-five years of experience working with clients in the technology and retail/distribution industries on issues including supply chain, operations, finance, budgeting, customer experience, training and development, compensation and organizational design and effectiveness. At SSF, Rick helps clients identify and address areas for improvement in the organizational processes, with an eye towards directly impacting their bottom line.

Rick also participates in our firm's Corporate Compliance Group, where his business acumen and expertise are utilized in assisting both publicly-traded and privately-held clients with the development of effective internal controls. He recently completed a large Sarbanes-Oxley project management engagement with a \$1 billion publicly-traded technology client, regularly working and communicating with the "Big 4" firm to evaluate the client's internal controls against COSO standards.

Prior to SSF, Rick worked with Arthur Anderson and Jefferson Wells, where his client base included such widely-recognized companies as Longs Drugs, Banana Republic, The Gap, West Marine, Disney Stores, and Macy's West. He is a graduate of the business program at San Francisco State University. Rick and his wife April spend much of their free time working on Special Education related issues in Marin County where April is a Special Education administrator for the SELPA www.marinschools.org/selpa.htm.
