

William (Bill) D. Witmer
Principal

Bill is a Principal with Sensiba San Filippo LLP who brings over thirty years of experience, primarily in the manufacturing and construction industries. His areas of particular expertise include advising clients on operational issues, mergers and acquisitions and the development of transition and exit planning strategies.

Bill provides leadership to SSF's Business Services Department, which includes both our compilation and MyBooks (transactional accounting) teams. As team lead, Bill is responsible for the technical direction and training of team members, as well as for developing the strategic initiatives and quality assurance procedures that help Sensiba San Filippo's BSD team deliver high-quality, timely and consistent services to its clients. Bill also participates in our Construction & Real Estate Group, working with various construction and real estate development related clients.

Bill is a founder of Sensiba San Filippo and previously served as Controller for Sky Chefs, a food service division of American Airlines. He is a member of the American Institute of Certified Public Accountants, the California Society of Certified Public Accountants and the Construction Financial Management Association. Bill also spends a significant portion of his time on non-profit causes, including active membership in Rotary and other community causes.
